

## SESSIONS

### Monday, November 30 - Morning

- **FAI and Dysplasia**
- **Hip Arthroscopy**
- **Cadaver Lab**

### Monday, November 30- Afternoon

- **Advanced Hip Arthroscopy**
- **AMIC**
- **Cadaver Lab**

### Tuesday, December 1 - Morning

- **MIS PAO/ Tonnis Triple Pelvic Osteotomy**
- **Dega/Salter/Shelf/Wagner Osteotomy**
- **Surgical Dislocation**
- **Femoral Osteotomies**
- **Combined Femoral and Acetabular Osteotomies**
- **Cadaver Lab**

### Tuesday, December 1 - Afternoon

- **DAA THR**
- **MIS THR**
- **Cadaver Lab**

#### Workshops

**Arthroscopy:** You will work on hip cadavers and practice techniques such as fixing labrum with knot less suture anchors and osteoplasty.

**Pelvic Osteotomy:** This involves doing osteotomy on cadaver pelvis, and practicing the concepts learnt on the course.

**Case Discussions:** This will involve discussing cases with particular emphasis on decision making.

#### In Depth Discussion on

1. Diagnosis and Investigation
2. Decision Making for Osteotomy/ Arthroscopy/Replacement
3. Chondrolabral lesions
4. Minimally Invasive Hip Surgery
5. Non-Arthroplasty Hip Salvage

#### Surgical Technique

1. Hip Arthroscopy
2. Minimally Invasive Peri-Acetabular Osteotomy
3. Other Triple Pelvic and Paediatric Osteotomies
4. Intertrochanteric/Petrochanteric Osteotomies
5. Surgical Dislocation of the Hip
6. Intracapsular Femoral Osteotomies
7. Arthroplasty Options in the young adult
8. Minimally Invasive THR

Hip Joint Preservation/Young Adult Hip  
Cadaver Course 30th Nov and 1st Dec 2015

#### Keele University Skills Labs Faculty

**Prof Frederic Laude (France)**

**Mr Nigel Kiely (UK)**

**Dr Srino Bharam (USA)**

**Meeting Location:**

School of Medicine, Daviid Weatherall Building, Keele University, Staffordshire ST5 5BG U.K. Phone +44 1782 733937

Sixteen miles from the course location is the beautiful Peak District National Park. About 8 million tourists visit the park annually for country side activities like hiking, biking, rock climbing, paragliding and fishing.

Explore The Peak District one of the world's most popular national parks. With dramatic scenery and two great stately homes Chatsworth House and Hardwick Hall it shouldn't be missed.

**Course Guidance**

This course intends to cover all aspects of hip joint preservation and young adult hip surgery. Many problems of hip arise at birth or in developmental ages, and therefore this course discusses paediatric and adult hip conditions. It will be most useful for hip surgeons who deal in hip surgery of all age groups.
