

Hip Joint Preservation/Young Adult Hip Course 7th and 8th July 2014

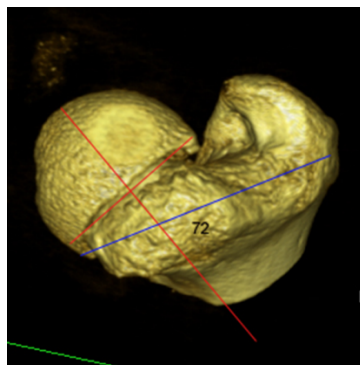

Faculty

Prof Luigi Zagra (Italy)
Richard Villar (UK)
Prof Andrea Fontana (Italy)
Mr A Hashemi-Nejad (UK)
Dr Ingemar Ivarsson (Sweden)
Dr Olof Risto (Sweden)
Mr Ed Bache (UK)
Dr Srino Bharam (USA)
Mr Geraint Davies (UK)
Mr Mark Flowers (UK)
Mr James Fernandes (UK)
Mr Jamie Wootton (UK)
Dr Etienne Belzile (Canada)
Dr Jorg Schroder (Germany)
Prof Mark Wilkinson (UK)
Prof Ian Stockley (UK)

Course Convener

Mr Sanjeev Madan (UK)

Young Adult Hip/Joint Preservation Course 7th and 8th July 2014

In Depth Discussion on

1. Diagnosis and Investigation
2. Decision Making for Osteotomy/Arthroscopy/Replacement
3. Chondrolabral lesions
4. Minimally Invasive Hip Surgery
5. Nonarthroplasty Hip Salvage

Surgical Techniques

1. Hip Arthroscopy
2. Minimally Invasive Peri-Acetabular or Osteotomy
3. Other Triple Pelvic and Paediatric Osteotomies
4. Intertrochanteric/Peritrochanteric Osteotomies
5. Surgical Dislocation of the Hip
6. Intracapsular Femoral Osteotomies
7. Arthroplasty Options in the young adult
8. Minimally Invasive THR
9. Articulated Hip Distraction for Avascular Necrosis
10. Non Arthroplasty Option for Osteoarthritis

Registration Fee Includes:

Course materials, lunch, coffee, and course dinner.

Registration fees for Consultants is £350.00 and for Fellows/Trainees/Middle Grades is £250.00.

Conference Registration:

BY MAIL: Complete the attached registration form with payment and post it to the address indicated at the bottom of the page.

Refunds

Cancellation fee of £75 will be charged until 5th June 2014. No refunds will be given after this date. If due to unforeseen circumstances the course is cancelled or rescheduled, a full refund will be provided.

Young Adult Hip/Joint Preservation Course 7th and 8th July 2014

Course Guidance

This course intends to cover all aspects of hip joint preservation and young adult hip surgery. Many problems of hip arise at birth or in developmental ages, and therefore this course discusses paediatric and adult hip conditions. It will be most useful for hip surgeons who deal in hip surgery of all age groups.

Hotel Reservations:

Early room reservation is advised during this peak season and also Tour de France is passing through Sheffield the preceding weekend.

For online room reservations please follow the link:

https://resweb.passkey.com/Resweb.do?mode=welcome_ei_new&eventID=11064227

For further enquiries please ring or email: Jane.Tompkins@marketingsheffield.org

Phone: +44 114 201 1021 or +44 114 201 1024.

A limited number of rooms have been reserved at the venue Hotel (Kenwood Hall).

Ring the Venue Hotel direct on +44 1142583811 and quote the course name for discounted rate.

Another recommended hotel is Copthorne Hotel Bramall Lane, Sheffield S2 4SU.

Ring +44 1142525480 or go online to reserve a room.

Meeting Location:

Kenwood Hall Hotel, Kenwood Road, Sheffield S7 1NQ, U.K. Phone 0114 258 3811

Three miles from the course location is the beautiful Peak District National Park. About 8 million tourists visit the park annually for country side activities like hiking, biking, rock climbing, paragliding and fishing.

Explore The Peak District one of the world's most popular national parks, which begins in Sheffield's suburbs. With dramatic scenery and two great stately homes Chatsworth House and Hardwick Hall it shouldn't be missed. But wait till it gets dark. There's a mouth-watering range of places to eat from highly-rated restaurants to lively tapas bars; the largest theatre complex outside London; some of the UK's hottest clubs and DJs. With bands like the Arctic Monkeys, the live music scene is one of Britain's most exciting too.

Young Adult Hip/Joint Preservation Course 7th and 8th July 2014

SESSIONS

Monday, July 7- Morning

- Development of hip
- Clinical and radiological assessment
- FAI and Dysplasia
- Hip Arthroscopy
- Workshop

Monday, July 7 - Afternoon

- Case Discussions
- Advanced Hip Arthroscopy
- Surgical Dislocation
- Principles of Pelvic Osteotomy
- Case Discussions

Tuesday, July 8 - Morning

- MIS PAO/ Tonnis Triple Pelvic Osteotomy
- Dega/Salter/Shelf/Wagner Osteotomy
- Femoral Osteotomies
- Combined Femoral and Acetabular Osteotomies
- Workshop

Tuesday, July 8 - Afternoon

- Case Discussions
- Bearings and THR
- Direct Anterior Approach THR
- Hip Resurfacing and Metal
- Articulated Hip Distraction
- Ilizarov Hip Reconstruction

Workshops

Arthroscopy: You will work on hip models and practice techniques such as fixing labrum with knot less suture anchors and osteoplasty.

Pelvic Osteotomy: This involves doing osteotomy on sawbone, and practicing the concepts learnt on the course.

Case Discussions: This will involve discussing cases with particular emphasis on decision making, choosing the correct operation, and minimising complications whilst doing these challenging operations.

Young Adult Hip/Joint Preservation 7th and 8th July 2014

DISTINGUISHED FACULTY

Ed Bache

Mr Bache was appointed as a Consultant to Birmingham Children's Hospital and Royal Orthopaedic Hospital in 2003. He set up a hip clinic in 2005 to provide a hip arthroscopy and osteotomy service in the West Midlands. He has performed large numbers of femoral and pelvic osteotomies in adolescent and young adults. He has extensively published and presented on the issues of developing hip conditions.

Etienne Belzile

Dr Belzile is Assistant Professor, Laval University, Quebec City, Canada. He is on the Board of Directors, Canadian Orthopaedic Foundation, Co-Chair, COA Program Committee 2013-14; 2014 AOA/COA Combined meeting Montreal; Co-Host of 10th Symposium on Joint Preserving and Minimally invasive Surgery of the hip 2013; Member of the EPCAT II study Steering Committee (CIHR funded); Director of Clinical Research, Orthopaedic Surgery Service, CHUQ, Quebec. He has published and presented extensively on hip joint preservation surgery.

Srino Bharam

Dr Bharam is Clinical Assistant Professor at NYU Hospital for Joint Disease, and Director of Hip Arthroscopy, Lenox Hill Hospital, New York, NY. He has published extensively on Sports Hip issues, and is an accomplished Hip Arthroscopist. He has been on the invited faculty list for many renowned Young Adult Hip Courses, and has been on the distinguished faculty list of ISHA for last four consecutive years.

Geraint Davies

Mr Davies is Consultant Orthopaedic Surgeon and the Clinical Director of prestigious Orthopaedic Department of Sheffield Children's Hospital. He has published and presented his treatment results on various developmental hip disorders. He also has interest in the Adolescent sports knee injury problems. He did his fellowship at Toronto Sick Kids under Bob Salter and since then has had extensive experience in various paediatric orthopaedic disorders.

James Fernandes

Mr Fernandes is Consultant Orthopaedic Surgeon at Sheffield Children's Hospital. He is President Elect of BLRS (British Limb Reconstruction Society), Member of Committee of BSCOS (British Society of Children Orthopaedic Surgery) and Training Programme Director. He has extensive experience in limb and hip reconstruction for developmental disorders. He has organised combined BLRS/BSCOS meeting in the past and he lectures nationally and internationally, has published extensively and is author of several book chapters.

Mark Flowers

Mr Flowers is a Consultant Orthopaedic Surgeon at Sheffield Children's Hospital. He is the Secretary of British Society of Children's Orthopaedic Surgery (BSCOS). He trained in London, Birmingham, Sheffield and Toronto. He has a general paediatric practice with particular interest in hip dysplasia. He is involved in the care of children from the post-natal scanning clinic through to periacetabular osteotomies in the young adult.

Young Adult Hip/Joint Preservation Course 7th and 8th July 2014

Andrea Fontana

Professor Dr Fontana is the Director of Orthopaedics and Consultant Hip and Knee Surgeon at Lanzo Hospital Como, Italy. He is the Director Chair (Centre for Hip Arthroscopy Italian Research); Director CARA (Centre for Arthroscopic and Regenerative Hip Surgery); Director International Visiting Centre (DePuy-Mitek-J&J); Director International Visiting Centre (Geistlich). He is reviewer for the American Journal of Sports Medicine. He has published extensively and is renowned in joint preserving surgery of the hip and knee.

Aresh Hashemi-Nejad

Mr Hashemi-Nejad clinical director, Division of Surgery, RNOH, London. He is the President Elect of the British Society of Children Orthopaedic Surgery (BSCOS). He is involved in clinical research and publishing outcomes from operations he performs, and is regularly invited to national and international meetings. He was awarded the American-British-Canadian Travelling Fellowship in 2006, representing British orthopaedics and visiting 20 centres in the United States. In 2011 he was one of only four orthopaedic surgeons nominated in The Times' top 100 doctors. Mr Hashemi-Nejad's main clinical interests are in young adult hip preservation surgery including hip arthroscopy, hip osteotomy and hip replacement surgery. He also deals with paediatric orthopaedic problems. At the Royal National Orthopaedic Hospital he has a tertiary practice with these complex problems.

Ingemar Ivarsson

Dr Ivarsson is Assistant Professor and Head of Hip Replacement Team at the University Hospital of Linköping, Sweden. He accomplished his PhD thesis on arthritis of the knee in 1991 and has been assistant professor of Linköping University since 1998. During the last 20 years, the main focus both in research and clinic has been on hip arthroplasties, especially revision surgery and replacements in younger people.

Sanjeev Madan

Mr Madan is a Consultant Orthopaedic Surgeon at Sheffield Children's Hospital and Doncaster Royal Infirmary. He has a dedicated hip joint preservation and minimally invasive young adult hip referral practice. He is the Research Lead and Limb reconstruction lead. He has published and lectured on the topics of hip joint preservation nationally and internationally.

Olof Risto

Dr Risto is Head of Paediatric Orthopaedic Team at the University Hospital Linköping, Sweden. His PhD thesis was on heterotopic bone formation after THR which was accomplished in 1994. He is the Assistant Professor and has 30 years experience in treating developmental hip problems. He has a special interest in and experience of children's hip and young adult hip surgery. He pioneered the introduction of the hip dislocation technique in Sweden.

Jorg Schroder

Dr Shroder is Oberarzt at in the Hip Department, Musculoskeletal Center, Charite University Hospital, Berlin. He has published on a unique problem of subspinous impingement and is an accomplished hip arthroscopist.

Young Adult Hip/Joint Preservation Course 7th and 8th July 2014

Richard Villar

Mr Villar is a Consultant Orthopaedic Surgeon in Cambridge and London (UK) and the Founding Editor-in-Chief of the Journal of Hip Preservation Surgery, past Editor-in-Chief of The Bone and Joint Journal (formerly JBJS(Br)) and the Founding Editor of Bone and Joint. He writes for both academic and general readerships, has researched extensively, and has more than 200 peer-reviewed publications to his name. His clinical interests centre on surgery for the young adult hip in which he has amassed one of the largest experiences of hip arthroscopic operations in the world. He was the Founding President of the International Society for Hip Arthroscopy, travels and lectures widely, and forms part of the UK's Disaster Emergency Response. He has written a number of books for the general public, including Knife Edge: Life as a Special Forces Surgeon and Winged Scalpel: A Surgeon at the Frontline of Disaster.

Mark Wilkinson

Professor Wilkinson was appointed to an Academic Faculty post at Sheffield University in 2007, and to Chair of Orthopaedics 2012. His research focuses on the interaction between joint prostheses and the patient, and the genetic basis of joint disease. He conducted the first clinical trial of bisphosphonate therapy after hip replacement, and was the first to show genetic variability is a risk factor for prosthesis failure. More recently he was a PI in the arcOGEN study that identified several novel risk loci for osteoarthritis. He sits on the research committees of the BOA, ARUK. He is a recipient of the Robert Jones Gold Medal of the BOA, The McKee Prize of BHS, and the William Harris Award of the Orthopaedic Research Society.

Jamie Wootton

Mr Wootton is a Consultant Orthopaedic Surgeon at Wrexham Maelor Hospital. He has established an International reference centre for DAA surgery for Total Hip Replacement and has been involved in the Development of the new AMK knee replacement. He along with his brother Malcolm has made a special table to do DAA THR. Majority of his specialist training was in Australia, where he was based in a sports injury medicine clinic in Sydney.

Luigi Zagra

Professor Dr Zagra is the Head of the Department of renowned Galeazzi Orthopaedic Institute IRCCS, Milan, Italy. He is the Director of ROLP (Arthroplasty Registry of Lombardia). He is the Past President of European Hip Society and President Elect of the Italian Hip Society.
